

SERVICE BULLETIN

DATE: March 24, 2014 **SERVICE BULLETIN #** SB-1552 **# OF PAGES:** 1
SUBJECT: Approval of MarS M2 AAD into Rigging Innovations harness and container systems
STATUS: **ADVISORY**

IDENTIFICATION:

1. The following RI harness and container systems:
 - Talon 1, Talon 2, Talon 3.0 including FS and FX.
 - Telesis 1, Telesis 2, Telesis 3.0
 - Flexon, Genera, Voodoo, and Curv.

BACKGROUND: N/A

SERVICE BULLETIN:

RI harness and container systems listed above may be assembled with the MarS M2, by a certificated and appropriately rated FAA master or senior parachute rigger or foreign equivalent. The assembly must be done in accordance with RI procedures. These procedures may be found on the RI website (www.rigginginnovations.com), and in the appropriate product owners manuals as revised after this date.

This approval is based on fitting of the M2 assembly into the RI container AAD configuration and activation of the cutter unit to sever the Spectra closing loop only. RI assumes **NO RESPONSIBILITY** for the reliability of the control or processor units as no testing of these was performed.

EFFECTIVE DATE: March 24, 2014
