Hello Sandy,

This letter is to verify that you did send us one of your M2 units for us to inspect, and check the compatibility of the unit with our harness/container system.

We did receive the unit, and found that it does not interfere with any of the components or functionality of our system, and we do verify that it is approved for use in our harness/containers.

Thank you,

A handwritten signature in blue ink, appearing to read "Rick [unclear]".
